Membership Information

Regular memberships are based on \$15 worth of produce/person/week for 12 weeks for \$180/person in your household. Weekly deliveries may start as early as June 14 and run as late as September 13. Payment may be made in full or via installments. Full payments are due June 1. If you desire to pay by installment, please send post-dated cheques for one third your regular membership for each of June 1, July 1, August 1.

Additional produce/product requests can be made for those who want preserved goods, fruit, and/or enough produce to preserve on their own. Availability is **not** guaranteed. Products are limited, but if you indicate your desired items, we will do our best to fill your order. We will not accept advanced payment for additional items. Rather, we will invoice you for what we can actually deliver.
